We Believe...

- Every human life has dignity & value.
- Abortion ends a human life.
- Our society should do more to help pregnant mothers and families.
- MD law, which allows *unlimited* abortion until birth, is too extreme.
- Women deserve **all** the facts before making a life-or-death decision.
- Government should **not** use our tax dollars to pay for elective abortions.
- Parents should be notified before an abortion is performed on their minor daughter.
- No woman should have to choose between her baby and keeping her job or continuing her education.
- Suicide is **not** medical treatment.
- People should be assisted to live, not assisted to kill themselves.
- **YOU** can help make a difference.
